What's New

Quest Public Folder Migrator for SharePoint 2.3.1 builds upon the previous release to extend platform support to the latest Microsoft server technologies and to streamline public folder migration project management. As a result of ongoing research and development efforts, and in response to customer feedback, a number of improvements has been made.

New features in Quest Public Folder Migrator for SharePoint 2.3.1

Windows Server 2008 Support

Starting from this version, Public Folder Migrator can be installed on SharePoint 2007 servers running Windows Server 2008. Additional configuration is needed. Please refer to the *Quest Public Folder Migrator for SharePoint User Guide* for details.
